

# *Thank You*

We give thanks to our loving God who has blessed us so abundantly with family and friends. Your love, patience, prayers, and words of encouragement were instrumental and very much appreciated as we planned this special day. To everyone who participated in our celebration, we are eternally grateful. The sacrifices each of you made to share in our wedding day will never be forgotten. We pray for your safe journey home and ask that you pray for us as we begin our new lives together.
