

## Simple Multiplication Worksheet #2

$9 \times 2 = \underline{18}$

$7 \times 2 = \underline{14}$

$2 \times 1 = \underline{2}$

$6 \times 3 = \underline{18}$

$8 \times 3 = \underline{24}$

$7 \times 6 = \underline{42}$

$7 \times 7 = \underline{49}$

$9 \times 7 = \underline{63}$

$4 \times 4 = \underline{16}$

$1 \times 1 = \underline{1}$

$2 \times 2 = \underline{4}$

$6 \times 1 = \underline{6}$

$6 \times 2 = \underline{12}$

$8 \times 6 = \underline{48}$

$5 \times 4 = \underline{20}$

$5 \times 3 = \underline{15}$

$9 \times 8 = \underline{72}$

$8 \times 4 = \underline{32}$

$9 \times 5 = \underline{45}$

$8 \times 2 = \underline{16}$

$9 \times 6 = \underline{54}$

$5 \times 4 = \underline{20}$

$9 \times 9 = \underline{81}$

$8 \times 2 = \underline{16}$

$5 \times 5 = \underline{25}$

$2 \times 0 = \underline{0}$

$3 \times 0 = \underline{0}$
